# About Us

Stanhope Caravan Park nestles in the market town of Stanhope in Weardale.

This site is a private family run park and has been owned by the Rutherford family for over forty years.

Stanhope Caravan Park is the most centrally located site in Stanhope. It is situated near the river wear yet just a stones throw away from the heart of the village. You really must visit us to see what a great location this is.

# For Children

Around the site we have lots of area where children can play together and with their families safely. We also have a designated play area, with a climbing frame, two sets of swings and two goal posts where they can play football.

As well as our play area we are also just a small walk from two public play areas.

Pets are allowed on the site provided they are looked after responsibly and dogs kept on a lead.

# What To Do?

Stanhope has a number of small independent shops as well as many Tearooms/Cafes and public houses.

Our park is so central, it is just a minutes walk to the market place where you can get a bus and travel through the villages of the Upper Dale to the award winning Killhope Lead Mining Museum. Travelling down the Dale takes you to Bishop Auckland where there are many shops.

Bishop is also the home of Auckland Castle. There is also transport links from here to take you all over the North East to places such as the biggest shopping centre in Europe, The Metro Centre or Durham city.

A visit to Beamish open air museum is a must.

In Weardale there are lots of things to do, there are many different walks around the picturesque area and along the river Wear at the ford. Walk cards are available from The Durham Dales Centre to guide you.

Just a few minutes walk away from our park is the Weardale Open Air Swimming Pool and there is also another indoor swimming pool just 3 miles away in Wolsingham.

As well as not being far from the bus, we are also just minutes from The Weardale Railway, where you can get on a traditional steam train to Frosterly, Wolsingham or Bishop Auckland.
